treatment of all
Chronic Diseases
—OF THE—
THROAT,
LUNGS,

STOMACH,
LIVER.

Head, nerves, kidney, bladder, womb, and blood affections of the urinary organs, gravel, scrofula, neuralgia, catarrh, asthma, bronchitis, dyspepsia, &c.

Dr. Price's reputation has been acquired by candid, honest dealing and years of successful practice.

My practice' not one of experiment, but founded on the laws of Nature, with years of experience in the treatment of all the above diseases. I never make sick to make well; no harsh treatment, no trifling, no fastening. We know the cause and the remedy needed; no guess-work, but knowledge and experience. I never resort to the treatment of Chronic diseases exclusively; no encouragement without a prospect. Candid in my opinions, reasonable in my demands, I never promise anything, or cure every body, but do lay claim to reason and common sense. We invite the sick, no matter how long they have been ill, to call on us before they abandon hope, make interrogations and decide for yourselves; it will cost nothing at all.

WAR OF WORDS.

Fitz Catches Fits and Burns Gets Hot About the Fifth Ward Fund.

Some Interesting Statements for Tax-Payers to Read and Think Over.

Acts of the Aldermen.
The Common Council held a regular meeting last night, Ald. Davies presiding in the absence of the Mayor, and all the members except Ald. Robinson being in their places.
After the usual preliminary business the bids for grading South Bluff street, between Second and Third streets, were opened, William Ruger offered to do the work at 12 cents per cubic yard, J. B. Moon at 15 cents, and Thomas Tennant at 19 cents. The Judiciary Committee, to whom the matter was referred, reported in favor of giving the contract to Mr. Ruger, which was ordered.
Ald. Fitzgibbon reported the gas bills for the last quarter as correct but suggested that the Chief Engineer inquire into the reason why the bill for Engine House No. 2, was \$16.94 while that of No. 1 was only 10.94.
The monthly report of the Board of Education was reported as correct. Received and ordered published.
Ald. Fitzgibbon presented a bill of the Gazette Printing Company, and moved that the daily be discontinued. Ald. Church, Vankirk and Barnes opposed the motion. Attention was called to the fact that for many years it had been taken at the Clerk's office and kept on file for valuable reference. Ald. Fitzgibbon insisted that the file was not kept intact, and recited a case where a bundle of the old Gazette had been used to wrap around a corpse found in the river. He pressed it to a vote which killed his motion, he and Ald. Croft alone voting in its favor, the others being in favor of continuing the subscription to the Gazette.
Ald. Croft moved that the city should take the Recorder and Times for one year. Ald. Church thought they were taken now. Ald. Barnes advocated treating all papers alike, and after some talk the motion was carried. Ald. Fitzgibbon alone voting in the negative.
The City Treasurer's report for July was reported as correct and was placed on file. The Finance Committee also reported in favor of sundry bills, which were ordered paid.
Ald. Fitzgibbon presented an order for the building of a stone crosswalk across High street on the North side of Dodge. His colleague, Ald. Barnes, said there was no money in the ward fund with which to pay for it. Ald. Fitzgibbon admitted that but said that the order could be passed and the walk need not be built until the taxes began to be collected, and then there would be money. The work was of great necessity and the city was liable to damages now. Ald. Barnes thought it was better to wait, and not press the order until the money was on hand. On motion of Ald. Church the order was referred to the Aldermen of the Fifth ward the vote being: Ayes—Ald. Barnes, Church, Croft, Cox, Joyce, Vankirk—6. Nays—Ald. Davies, Fitzgibbon—2. Ald. Barnes excused himself from voting.
Ald. Barnes then arose, and made the following statement, accompanying it with some explanatory remarks of like tenor, which were listened to attentively, and with a little whirl of excitement:
Your Honor:—There is a matter that I must bring before this Council, or else the tax payers of our Ward are going to take it in their own hands—that is the debt of the Fifth Ward. When I was elected a member of this Council, I was requested not to pay the debt of the Ward. I asked if they were sure the Ward was in debt. Some said it was not; that they had asked Ald. Fitzgibbon, and he told them there was money in the treasury to the credit of the Ward. Others said the Ward was from \$500 to \$600 in debt. I asked Ald. Fitzgibbon how much the Ward was in debt, and he said he didn't know. I then asked Ald. Davies if he held any claim against the Ward, and he said he did. I asked how much, and he said about \$300, and I said if there was only \$300, I would pay it out of an appropriation of \$800, and have no trouble about it. I had made up my mind about what work should be done, and was doing it as well as I knew how, and I think gave fair satisfaction as far as I had gone. At our last regular meeting Ald. Fitzgibbon wished the bridge on Galena street fixed. On last Monday I went there with two teams to make the necessary repairs, and found Mr. Stack there with his team. I asked him who sent him to work, and he said Ald. Fitzgibbon. I told him he was not wanted, and that I would not pay him for anything he would do. He said he was going to fix that street himself. During the day I heard he had taken the contract to fix the street for \$100. Now, your Honor, the street is in passable shape and the labor cost \$32.25. Last week I looked up the debt of the ward, as far as I could learn anything about it, and found that when Ald. Fitzgibbon was elected last year, Ald. Hemming had \$83.94 to the credit of the ward. Ald. Fitzgibbon used that amount, in addition to an appropriation of 800—and now he leaves a debt of \$574.16 as follows: Bills allowed now in the city Clerk's office \$359.16; bills owed Ald. Davies, not allowed, \$175.00; Barron Brothers, between \$60 and \$75—call this bill \$60. It makes a total of \$1478.10. That makes a tax on our ward, of almost three times as much as any other ward in the city.
These bills allowed to the amount of \$359.16, and Barron Bros. stone bill, \$60, making \$419.16, leaves me a balance of \$380.84 to expend this year, against \$1597.10 last year. When an Alderman takes his oath of office he also gives bonds, his bondsmen agreeing that he will faithfully fulfill the duties of such office. Now such being the case, the tax payers of the Fifth ward request Alderman Fitzgibbon to show reason why his

bondsmen are not liable for the debt contracted by him. In this matter I have nothing to say. The tax payers may seek their own redress. But what I wish to bring before this Council is that Alderman Fitzgibbon has no more power to expend money in our ward, and I now move that Alderman Fitzgibbon have no power to contract indebtedness during the term which he is now serving.
Ald. Davies corrected Ald. Barnes in regard to certain statements made concerning himself. He denied that there were bills due him, and allowed, to the amount of \$175. After some further discussion between the two aldermen as to the amount due Davies, Ald. Barnes remarked that leaving those bills out of the account the Fifth ward debt amounted to \$400. He then proceeded to comment further, and urged that Ald. Fitzgibbon should show why he should not be fined for running the ward in debt, and why his bondsmen should not be liable. His talk was broken into by Ald. Fitzgibbon who said he would not sit and be abused any further, and called the gentleman to order. Ald. Barnes proceeded to explain that he had no personal feeling in the matter, but the tax-payers insisted that Fitzgibbon should explain why he had thus run the ward in debt.
Ald. Fitzgibbon opened his reply with: "What have you been doing? Haven't you been doing just the same thing which you are chastising me for?" He then proceeded to sharply criticize the manner in which his colleague had been fixing the roads, hauling gravel from near St. Mary's church, an inferior quality of gravel was being got nearer by in the Fourth ward, and hauled into the First and Second wards. He also found fault with Ald. Barnes for graving streets which had not been graded. He deemed it out of the power of the Council to prevent him from expending money, and informed his colleagues that those in glass houses should not throw stones. If Ald. Barnes was in for a row he too was ready to go into the fight on that line. He did not propose to go back and hunt up where the money had gone to, but would examine the bills as they came in, and see if they were correct. The Aldermen quoted a bit of poetry which he deemed applicable to the case, and this completed the substance of his speech, though some further side talk of an excited nature was given between the two representatives of the Fifth.
President Davies ruled Ald. Barnes' motion out of order, stating that if any redress was needed, it could be obtained in some other way.
On motion of Ald. Croft the Aldermen of the First ward were empowered to purchase of Mrs. Case, for \$25, a certain sandbank.
Ald. Church presented an order for a new lamp post on the southeast corner of Main and Milwaukee streets. Referred to Gas Committee.
Ald. Davies presented the usual order for the warrants for taxes for the year 1879.
Ald. Vankirk presented a remonstrance from Second ward residents on Hickory street, protesting against the water flowing along the street from St. Mary's avenue. The claim was that it had always run off on St. Mary's avenue until Patrick Hagany turned it onto Hickory street.
Ald. Church moved that it be referred to the Aldermen of the Second ward.
Ald. Croft amended that the Marshal be empowered to go with a posse of men and open the gutter on St. Mary's avenue in front of Hagany's.
Ald. Barnes remarked that the City Attorney had already given it as his opinion that the Council had no authority to do so. After some discussion as to whether the City Attorney had said so or not, that official was asked, and again declared that the city would get into trouble by opening the gutter in question. The motion, however, prevailed instructing the Marshal to do so, the vote being: Ayes—Croft, Cox, Davies, Fitzgibbon, Joyce—5. Nays—Barnes, Burns, Church, Vankirk—4.
The Judiciary Committee reported against allowing Dr. Butler any rebate on taxes. Adopted.
Ald. Croft moved that Engine Company No. 1 be allowed to leave the city September 5th, during the daytime only to be present at the Beloit Fireman's tournament. Ald. Church amended, by making the time twelve hours, and the motion as thus changed, was carried, Ald. Fitzgibbon alone voting against it.
Ald. Barnes reported that the Committee on Pound had got a written agreement from Mr. Bennett for the use of his lot for \$25 a year, and moved that the report be adopted and the Mayor issue the order concerning the enforcement of the law.
Ald. Fitzgibbon said he had been credibly informed that the city might establish a pound, but that no one had any right to drive creatures into it, unless found trespassing on the Pound grounds. He thought that Beloit and other places were working under the State law, and that should be the way here.
Ald. Barnes thought that property owners could run their own risk about that. If a Pound was established they could no longer grumble. The vote was put, and the motion carried, Ald. Fitzgibbon and Joyce voting against it.
Mr. John Welch was granted a hearing concerning his being fined for fast driving. He claimed that the breaching strap had broken, and the horse run away, and denied that he was trying to outspeed another team which was carrying newspapers from the depot to a rival bookseller. He showed the broken strap in evidence, and wanted the Council to pay back the \$4.25 which he had paid into the Police Court.
Ald. Church moved that the fine be remitted. Seconded by Ald. Vankirk. After some talk Ald. Vankirk moved that it be referred to the Judiciary Committee. Carried.
Ald. Vankirk reported in regard to Hennessy's claim for damages for drowned chickens, that the claim had been withdrawn.
Adjournment was then taken.

THE SATURDAY NIGHT SHOOTING.
This morning Marshal Russell arrested James O'Hara, the young man who tried to escape from him Saturday night, and who received as a result a bullet in his shoulder. O'Hara was brought before Justice Prichard, and the case against him, that of resisting an officer, was continued until Saturday morning next, O'Hara giving bail for \$200. It appears that Kelly and O'Hara were well armed, either for the Marshal or some one else. The piece of gas-pipe which Kelly is charged with having drawn on the Marshal, is among the trophies captured, and this morning there was found near the scene of the affray, an iron gas-pipe coupling, to which was attached a long piece of cord, at one end of which was a loop, which had been cut. It is claimed that O'Hara had this cord thus looped about his wrist, and that he intended to use the iron coupling as a slung shot, and that when he found he could not cut it off his wrist, rather than be detected with it. There are many circumstances which the prosecution claim point strongly to the fact that Kelly and O'Hara had planned to waylay the Marshal and have the satisfaction of thumping him. There will be a good effect from last Saturday night's shooting in any event. It will teach those who prowl the streets nights that when the Marshal calls upon a man to halt that he means business, and will stand no "fool-shines."

DEATH OF MRS. JAMES BLAIR.
For some days the death of Mrs. James Blair has been hourly and almost momentarily expected, but she lingered until about 8 o'clock this morning when death gave her rest from sufferings. A little less than a year ago Mr. and Mrs. James Blair were married in Princeton, Indiana, and she took up her residence in this city, where her husband has so long lived. During the past few months she has been rapidly failing in health, the disease being consumption, and in spite of skillful treatment and tender nursing, the disease did its worst. Mrs. Blair was a very estimable lady, and those who had the honor of her friendship and acquaintance prize it highly. The sympathies of the whole community will be extended toward Mr. Blair in this hour of trouble. The remains will be taken to-morrow afternoon to Princeton, Indiana, for interment.
